1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Holman on 02 March 2006.

The application has been amended as follows:

In the Claims:

Claim 1, line 6, delete "and";

line 8, change "installation." To –installation, and –

add new lines 9+ as follows –an opening end seal formed into a substantially cylindrical shape having expansibility and contractility, one end of the seal being supported on a side of a case while the other end of the seal being brought into contact with the opening end of the filter bag. --.

Claim 11 is canceled;

Claim 12, line 1, change "11" to –1--;

1. The following is an examiner's statement of reasons for allowance:

Claim 1 is amended to define over newly discovered prior art patent to Morino (US 2851164). Morino '164 discloses an inverted filter bag 25 with a supporting cage 19, an inlet opening via line 32 with a collection zone 35 for heavies rejected by the filter bag 25. The rejected heavies are periodically discharged via line 36 [col. 2, lines 41-48]. Morino '164 fails to teach or suggest the specifics of the seal as now recited in claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
